

**Eveda Nosistel
ACC Treasurer
Ontario**

Eveda is a Certified General Accountant (CGA) and has studied in the United Kingdom (MSc International Securities Investment & Banking) and in Montreal (Business Administration).

Eveda has completed an internship in Peru working in the international finance field, mainly focusing on the underprivileged ones (individuals as well as companies).

Over the years, Eveda has developed her skills and knowledge by working with major organizations, and more recently in 2005, with the federal government. She has had the opportunity to travel extensively and she takes great pleasure in interacting with people from different backgrounds and cultures.

From an early age, Eveda has been involved with her church and worked many years as a tutor/monitor at Sunday school. Whilst living overseas, right after completing her graduate studies, she worked as a volunteer for a few months with people with learning disabilities within a Jewish self-sufficient environment.

Those past experiences have been very enriching and gratifying. Eveda has been looking to share her blessings with others and is grateful to be part of the Adoption Council of Canada.
